# DeRoyal® PROlign® Spinal Orthoses

Powered by The Boa® Closure System

## FEATURES & BENEFITS

- Powered by The Boa® Closure System for a powerful and secure closure that is easy for the patient to tighten with the turn of a dial
- Dial allows for micro-adjustability and on-the-fly adjustment
- Soft, breathable material to provide a cool, comfortable fit
- Patented dual closure for infinite adjustability
- Rigid anterior insert provides support to the intra-abdominal and viscera region, helping to unload the spine under gravitational load
- Features posterior plastic inserts to help maintain neutral sagittal alignment while maximizing support of anatomical structures
- PROlign® EXT features extended posterior panel for coverage from sacrococcygeal junction to the T9 vertebrae

**INDICATIONS:** Post-operative lumbar immobilization; Chronic low back pain; Lumbar muscle weakness; Lumbar strains and sprains; Mechanical or discogenic disc disease; Postural support; Degenerative disc disease; IDET procedure; Spinal blocks
